Annex A  Subsampled topics ..................................... i
Filtering and subsampling

Not all questions are asked of all respondents. Some questions only apply to some respondents (e.g. questions for parents with children at school); others are asked of a random subsample of respondents because the results aren’t needed at local authority level.

This means that robust results will be available at local authority level only for some questions; for other questions, robust results will only be available at regional or national level.

- Some topics are asked of all respondents they apply to (up to 14,500 respondents each year, or around 660 per LA). This provides robust results down to LA level for topics that apply to everyone. For topics that do not apply to everyone (e.g. childcare), this approach provides the most robust results possible given the size of the survey.
- Some topics are asked of a random subsample of 750 respondents per region (North / Mid / South East / South West Wales), around 3,000 respondents in total. This provides robust results down to regional level.
- Other topics are asked of a random subsample of around 650 respondents in each of the 7 Local Health Boards (4,500 people in total). This provides robust results down to LHB level.
- Some topics are asked of a random subsample of around 2,000 respondents (i.e. around 100 per LA). This will provide robust results at national level only.

Subsampling is included in the questionnaire routing at the start of each subsampled topic, marked with a green background, e.g.:

```
SUBSAMPLED TOPIC: ASK IF ss_gp = 1
```

Where this routing appears, it applies to the rest of the questions in that module unless otherwise indicated.

More details on which topics are subsampled is given in Annex A.
Guide to question format

All questions in the survey questionnaire follow a similar format. Below is a guide to interpreting the format.

Example of question layout

The text in capitals indicates who the question is to be asked of (here, all respondents). 'LongIll' is the question and variable name.

The wording of the question to be read out by the interviewer to the respondent will always be displayed in the font below (Arial, Bold and Size 10). Any text in this box that is non-bold type and capitals is an instruction or note for the interviewer.

All questions have a coding frame associated with them, which means that the computer only allows the interviewer to record certain answers. These are given as positive numbers within the coding frame. In certain questions, you will see that the interviewer will be able to record ‘Other’ as an answer option.

This text shows which question to go to next, which can depend on the answer option selected.

Indicates the source of the question. See next page for key to abbreviations.
Question sources

Questions are taken from existing surveys where possible. The source is marked at the top left of each question as follows.

Apprentices should not be coded as receiving full-time education.

When a person spends approximately half the year as a full-time student and the rest of the time as a full-time worker, code according to the position at the time of interview.

Any full-time student who is also currently working, (e.g. part-time work during term, or a vacation job) should be entered as currently in full-time education provided that s/he intends to return to an educational establishment the following term.

If there is any doubt as to whether a person is 19 or under and still in full-time education then check whether the parent or guardian is still receiving child benefit for that person. If this is the case then code as still in full-time education.

NOTE: FIRST QUESTION WAS A SUBSAMPLLED TOPIC (ASK IF hsswl = 1) FROM APRIL – JUNE 2014. FROM JULY 2014 IT WAS ASKED OF ALL RESPONDENTS.

ASK ALL

I’d now like to ask you about social care services. By this I mean services which are provided to help people who may need a lot of care and support such as the elderly, children who have physical or social needs, people who have disabilities, and the families and carers of such people.

Please say to what extent you agree or disagree with the following statement.

NOTE: THE REMAINDER OF THIS MODULE WAS ADDED IN JULY 2014
In the last 12 months, have you received any of the following help from care and support services in Wales, such as those listed on the card?

When answering, please include any care or help received in the last 12 months, even if it’s no longer being received, and whether you pay for the services or not. Please do not include any care and help you have received from friends and family.

IF RECEIVE CARE FOR YOURSELF AND FOR SOMEONE ELSE: Please think about the care or support you receive for yourself.

IF RECEIVE CARE FOR MORE THAN ONE PERSON: please think about the person you spend the most time caring for.

- [YOU AND YOUR PARTNER] IF RESPESP2 = 1, 2, OR 3 ***

The next questions are asked about all the children [you / you and your partner] are responsible for in this household. Please think about [names of children] when answering these questions.

INTERVIEWER INSTRUCTION: Respondents are asked to think of all of their dependent children when answering these questions. Cases may arise, however, where one child ‘has’ and one cannot afford or one ‘doesn’t need’ and one cannot afford. In these cases priority coding is necessary. The priority will ALWAYS be cannot afford. Therefore, the priority order is:
1. cannot afford,
2. doesn’t need,
3. (all) have.

If respondent’s answer doesn’t allow you to distinguish between code 2 and 3, ask “Which answer from the card best applies to you?”

The Welsh Government, or a research company employed by them, may invite you to take part in further research based on some of the responses you have given today. This could be face-to-face, by telephone or as part of a focus group. This would involve [TNS-BMRB / BEAUFORT RESEARCH] passing your details to the Welsh Government together with your responses to the survey. If you are re-contacted, there will be no obligation to take part. Would you be willing to be re-contacted?

ASK ALL

There is ANOTHER way you can help us that would make your survey answers even more useful. The Welsh Government would like to be able to link your survey answers to information that the NHS and other public organisations hold about you. For example - your GP, hospital and education records.

Your information will only be used for research purposes and your personal details will be kept completely confidential. If you don’t want us to link your data, that’s absolutely fine, your survey answers will still be valuable without being linked to other records.

INTERVIEWER TO SHOW RESPONDENT DATA LINKAGE SHOWCARD

Please take a look at this card – this will explain what the Welsh Government are asking. Please take your time to read this and ask me any questions you have.

IF REQUIRED, PLEASE GIVE THE RESPONDENT ADDITIONAL INFORMATION AS DETAILED ON THE FLOWCHART AND LEAFLET TO HELP THEM UNDERSTAND THE REQUEST. ENSURE THAT THE RESPONDENT UNDERSTANDS THE REQUEST SO THAT THEIR CONSENT IS GIVEN.

Do you agree for us to link your survey answers with other information held about you?

INTERVIEWER TO HAND RESPONDENT DATA LINKAGE LEAFLET. Here's a leaflet to give you more information about linking your data. It also tells you what to do if you change your mind after I have left.
Welsh language use survey – screening questions

ASK IF WelSpk = 1 OR 3 OR ANY ITERATIONS OF WelSpkHh = 1 OR 3

WelLangIntro
The Welsh Language Commissioner and the Welsh Government are conducting a survey of Welsh language use. They are asking Welsh speakers in households that have participated in the National Survey for Wales to complete a short paper questionnaire. The questionnaire is only 6 pages for adults and 4 pages for children (aged 3 and over) and just needs to be completed and returned to TNS BMRB in a freepost envelope in the next two weeks.

ASK IF WelSpk = 1 OR 3 OR ANY ITERATIONS OF WelSpkHh = 1 OR 3

WelLangNS

Earlier you said that {you / you, [name], [name], etc} [is/are] able to speak Welsh. Can I check, is it okay to leave [IF NO ITERATIONS OF WelSpkHh = 1: a questionnaire with you to complete / IF TWO OR MORE ITERATIONS OF WelSpkHh = 1 OR WelSpk = 1 AND ONE ITERATION OF WelSpkHh = 1: questionnaires with you for each of these people to complete / IF ONE ITERATION OF WelSpkHh = 1 AND WelSpk DOES NOT = 1: a questionnaire with you for them to complete]?

IF NECESSARY: The questionnaire is bilingual and can be completed in either Welsh or English.

INTERVIEWER: CHECK WITH RESPONDENT IF THEY ARE HAPPY TO ACCEPT THE QUESTIONNAIRE ON BEHALF OF THE PEOPLE BELOW.

IF ACCEPTED SELECT 'YES' FOR EACH HOUSEHOLD MEMBER AND ENTER THE DETAILS BELOW (FIRST NAME, SERIAL NUMBER AND PERSON NUMBER) ONTO BOTH FRONT COVERS OF ANY QUESTIONNAIRE(S) YOU HAND OUT.

PLEASE ENSURE YOU ALSO PROVIDE FREEPPOST ENVELOPES WITH THE QUESTIONNAIRES.

IF QUESTIONNAIRES ARE NOT ACCEPTED FOR ANY HOUSEHOLD MEMBERS SELECT 'NO' FOR THE RELEVANT HOUSEHOLD MEMBER(S).

Annex A  Subsampled topics

As noted at the start of the questionnaire, not all questions are asked of all respondents. Some questions only apply to some respondents (e.g. questions for parents with children at school); others are asked of a random subsample of respondents because the results aren’t needed at local authority level.

The arrangements for subsampling topics are set out below.
