REQUEST FOR PRE-APPLICATION SERVICES IN RELATION TO A PROPOSED DEVELOPMENT OF NATIONAL SIGNIFICANCE S61Z1 - TOWN AND COUNTRY PLANNING ACT 1990

IMPORTANT INFORMATION

PLEASE READ BEFORE SUBMITTING THIS FORM:

The pre-application advice that we provide is offered without prejudice to any future consideration of related applications and is given solely on the basis of the information provided at the time of your request. Our provision of pre-application advice attracts the payment of fees, as set out in section 11 of this form.

We strongly encourage you to discuss your request with us in advance of submitting this form, so that we can ensure that the resources necessary to deal with your request and arrangements for the invoicing of fees are in place when we receive it. If you do not provide advance notice, this may delay the handling of your request and the provision of our advice

Advice on pre-application services is contained in our procedural guidance here
<http://gov.wales/topics/planning/developcontrol/developments-of-national-significance/?lang=en>.
You should refer to that advice when making your request and completing this form.

10. Essential supporting documents (continued)

2. A copy of any pre-application advice received from us or other bodies (see section 6 above).
3. A copy of a plan identifying the land to which the proposal relates (must be drawn to an identified scale and show the direction of North) – This should include details of any statutory or non-statutory sites or features of nature conservation, geological or landscape importance; habitats of protected species, important habitats or other diversity features; and water bodies in a river basin management plan.
4. A copy of any additional plans (must be drawn to an identified scale and show the direction of North), drawings or documents necessary to inform this request for pre-application advice.

11. FEES AND TIMESCALES FOR PRE-APPLICATION ADVICE

Requests for pre-application advice will attract the payment of fees based on the daily rates for Planning Officer and Inspector time set out in the Developments of National Significance (Fees) (Wales) Regulations 2016. Time spent on requests is likely to involve both desk based assessment and site visits where appropriate; the nature of work carried out and time spent will be recorded and will be made available to you. The carrying out of statutory functions such as EIA screening and scoping will not be charged for. However, any pre-application advice relating to EIA or HRA that falls outside the statutory process will be chargeable. We will send you an invoice for the relevant fees following provision of our advice. Invoices must be paid within 21 working days; if they are not paid within that time, any further requests will be refused until such time as payment is made.

*We are required to deal with requests for pre-application advice within **28 days of the date of the request, or such longer period as the Welsh Ministers (or in this case, the Planning Inspectorate) may determine.** In practical terms, we will aim to meet the 28 day turnaround time in more straightforward instances, but will likely agree a longer period with you for more complex requests. We will seek to be clear up front about the possible timescales for processing requests, based on available resources, and you should be realistic in your expectations for receiving pre-application advice when preparing your application.*

We will aim to confirm receipt of your request and the likely timescales and costs involved within 3 working days.

12. PUBLICATION OF PRE-APPLICATION ADVICE

The DNS application process is intended to be transparent and inclusive. As such, we will make any pre-application advice that we provide available online for individuals, organisations and applicants with an interest in the DNS process. However, we also understand that an appropriate balance needs to be struck between openness and enabling potential investors to protect sensitive information at the earliest stages of discussion. We will therefore seek your agreement for us to publish our advice as soon as it has been provided to you and will otherwise delay publication until the application has been validated or the pre-application notification period has expired.

You should note our obligations under the Freedom of Information Act and /or the Environmental Information Regulations. These may, following a request, require us to disclose any unpublished information for which it has been agreed to delay publication, either where an exemption or exception does not apply or if, in all the circumstances of the case, the public interest in disclosing the information outweighs the public interest in maintaining the exemption or exception.
